

LUC-828/ALU 115036

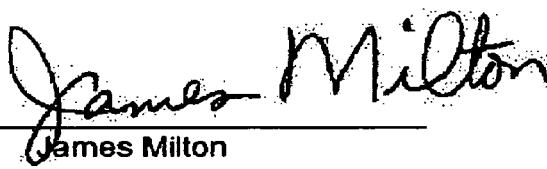

REMARKS

In response to the Restriction Requirement mailed September 25, 2009, applicant provisionally elects the claims of invention I: claims 1-10 drawn to a method for a single user having an allocated bandwidth, with traverse. Applicant reserves the right to pursue the claims of Invention II: claims 11-22 and Invention III: claims 23-32, in separate divisional applications.

The Examiner is requested to reconsider his Restriction Requirement because all Species of the claims are drawn to subject matter which is so related to each other that an undue burden would not be placed upon the Examiner by maintaining all groups of claims in a single application. See, e.g., MPEP §803.

Favorable consideration of this application is respectfully requested.

Respectfully submitted,

By 
James Milton
